2) From the report of the M.C it is seen that there are 50 private chattrams in the whole State, which are endowed with Dharmadaya Inam lands. The deputy Commrs are stated to have been making periodical enquiries in order to assure themselves that the conditions of the grant are being fulfilled and that they are also dealing with cases of mismanagement under the Rules in force. The M.C has also stated that the need for new legislation at present is not impressed on the local officers.

3) In the circumstances, the Municipal Council is of opinion that it is not possible to interfere with the Inam rights conferred to the chattrams beyond the extent stated above, and that their powers in this respect may not be recommended merely on the grounds that the Municipalities in which they are situated are not responsible to the Municipal Councils as they were in former times.

With reference to your letter No.C3/Mis.56-31 dated 23-12-1933 calling for my views regarding the continuance or otherwise of grants to private chattrams endowed with inam lands in the State, I have the honor to state that from information obtained from the Deputy Commissioners, it is seen that there are 60 private chattrams in the State which are endowed with Dharmadaya Inam lands. The Deputy Commissioners have been making periodical enquiries in order to assure themselves that the conditions of the grant are being fulfilled and are dealing with cases of mismanagement under the Rules in force. The need for more systematic action will be impressed on the local officers. I am of opinion that beyond this, it is not possible to interefere with Dharmadaya Inams endowed to the chattrams, and that their resumption cannot be recommended merely on the ground that the institutions to which they are attached are not so useful to the travelling public as they were in former times.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.
